**ASC HR COMMITTEE ANNUAL REPORT
APRIL 1, 2017 - March 31, 2018**

This Committee has representation from the Board of Directors along with staff and most recently added a Human Resource Professional as a contractor.

The Committee has reviewed and commented on a draft review of HR policies (HR Manual) to guide the work of the ASC. There have been numerous calls in order to provide input and direction to complete the task with some minor edits still to follow.

There has been a change of leadership for this Committee which took place earlier this year. Dale Plett stepped down in December 2017 due to personal reasons and Gord Reed took over the role of the HR Committee Chair. Dale stayed on as a HR Committee member.

Some of the 2017-18 highlights include initiating a comprehensive evaluation process whereby the Board and the HR Committee contracted an outside resource with human resource expertise, to develop and deliver a year-end review process which included input from the board along with feedback from each of the provinces & territories.

In addition, there was a recent Hiring Committees established to screen four (4) shortlist qualified applicants to be interviewed for the hiring of the LPD position. The LPD position was not filled, but due to additional financial support provided by Sport Canada, a Special Projects Coordinator was hired.
